Exide.docx

In a meeting I had with Roger Kintz at DTSC, shortly after the Jan 30 bus tour, he suggested that EPA take a convening role (with the other agencies) in taking a focused look at Exide, in particular noting that Exide still has an interim status RCRA permit.

Richard and Mike, flagging this for you because Leonardo Vilchis, CARE grantee is quoted in the article.

Please see the attached LA Times article on Exide facility in Vernon. I am sure this will come up in our call with Rep. Lucille Roybal-Allards's office.
